DETAILED ACTION

102 Rejections Withdrawn

The rejection of claims 1, 4, 9, 15, 19, 26, 28-30, 32, 33, 35 and 37, in so far as they read on the species defined in the previous Office Action, under 35 USC 102(b), has been overcome by applicant's amendment. The amendment narrows the claim set such that it no longer reads on the cited art.

Allowable Subject Matter

Claim 8, drawn exclusively to the elected species, remains free of the prior art.

Claim Rejections - 35 USC § 102

Applicant having overcome the outstanding art rejection, the search was expanded as called for under Markush examination rules, a compound-by-compound search, to include a single additional compound. That compound is defined when, using formula (I) of claim 1: $R=R_1=R_2=H$; $A=C_1$ alkylene; $X= >C=O$ and $Y=$ heteroaryl.

All claimed subject matter which does not read on the above species is considered non-elected subject matter for purposes of this Office Action and as such is withdrawn from consideration.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4, 15, 26, 28, 29 and 32, in so far as they read on the species defined above, are rejected under 35 U.S.C. 102(b) as being clearly anticipated by *Journal of the Chemical Society, Perkin Transactions 1: Organic and Bio-Organic Chemistry* (1972-1999) (1976), 12, p. 1331-1338 (CAPLUS abstract). The reference teaches applicant's compound: RN=60330-46-3. The compound is among those evaluated for pharmaceutical use.

(The subject matter of the remaining claims is withdrawn as being drawn to non-elected subject matter.)

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
